CURRICULUM

The course offers young students an immersive multi-sensory language and cultural experience through child led English activities and play based learning. Students enjoy daily excursions to the park and playground to allow for guided play-based learning outdoors. The program emphasises practical vocabulary use and encourages students to participate in DEAR (Drop everything and read) sessions. Our no mobile device rule during school hours also encourages active participation in speaking and listening exercises.

“ WE STRIVE TO MAKE LEARNING FUN AND INCLUSIVE AND CATER FOR ALL LEARNING TYPES TO MAXIMISE EVERY CHILD’S LEARNING POTENTIAL ”

The classroom's cultural diversity provides a vibrant backdrop for students to form friendships across cultures, which encourages students to further practice their English skills. By focusing on practical language skills rather than grammar, we offer young learners the optimal path to genuine fluency and further options to study at Australian Primary Schools or return home and continue their English studies.

Curriculum example:

- Guided grammar lessons tailored to each student’s level and requirements
- Oral language games and activities aimed to encourage conversation fluency
- Australian study lessons to give each student a good understanding of Australian culture
- Weekly guided tours of local landmarks to enhance their learning

QUALIFIED JUNIOR TEACHERS
