Dear Partners.

It has been announced that the Philippine Immigration Department will add ACR I-CARD when issuing SSP.

Therefore, there are two ACR I-CARDS: SSP ACR I-CARD and Tourist ACR I-CARD.

However, the cost of the ACR I-Card varies differently for every application since the exchange rate changes from time to time as it is calculated at the immigration office.

We ask for your understanding of the ACR I-CARD fee increase due to the always increasing dollar exchange rate.

Kindly bear in mind the following changes and take a look at them and guide the students.

1. SSP ACR I-CARD

- Application must be made together when issuing SSP.
- Implementation date: Immediate implementation
- Expiration date: 1 year from the date of application
- Cost : 4,000 pesos

2. Tourist ACR-ICARD

- If you stay for more than 59 days, you must apply.
- Expiration date: 1 year from the date of application
- Cost : 4,000 pesos

We kindly ask for your cooperation in this regard.

Thank you very much.
