# STUDENT TESTIMONY

**CLAIRE - HOANG THI NGOC HA**  
From Vietnam 🇻🇳

The experiences during my one month study in The Philippines are significant memories in my life. I chose Winning English Academy, which is a school in the center of Cebu City, with good support services and quality teachers. Although Winning's facility is small, it can adapt everything for a student: we learn in a building, live in a hotel next to the school and also have meals in a restaurant in this hotel. Besides, we can do exercise and play sports in the gym area. When I have some problems, they help me handle my issues here, they always assist me quickly. All of these things bring convenience to my life during one month here.

Moreover, When I studied in here, I had a lot of friends from many countries. We studied and shared all of the things in life. To do that, it is impossible not to mention my teachers: I learned with a teacher in one-on-one lessons. My teacher helped me fix my pronunciation and sentence structure when I was speaking. It's very well for me. After just one month, I have gained confidence in my ability to communicate in English. I actually can communicate with someone in English.
