Re: 2025 New Class Structure and CALLAN Method

Date: July 19, 2024

Greetings to you!

Cebu International Academy (CIA) will make changes in the class structure for the year 2025. This will be effective to all existing students from January 1, 2025 onwards.

The changes will be as follows:

- **OPTIONAL CLASSES** will be introduced and will serve as replacements for group classes that will be pulled out. *(Please see the attached class structure for your reference)*

OPTIONAL CLASSES consist of different types such as dance classes, cinema, Zumba, and many others. Students will have choices of which classes they want to join. The goal of this change is to give all of the students a fun learning experience here at CIA.

Also, CIA would like to officially announce that by 2025, we will be offering **CALLAN Method classes**. It has 5 man-to-man with 3 CALLAN classes, 2 group classes, and 1 optional class. The CALLAN Method will also be reflected in the NEW Price Table.

Cebu International Academy aims to be versatile in the fast-paced world and provide good quality English education.

Thank you for your continuous cooperation.

Sincerely,

Cebu International Academy Management
